More detailed description of game levels

5th floor

Players find coordinates for the split-frame matrix located here on the 6th floor, and then come to deduce a solution which will award them with a much needed password code fragment to disarm the bomb in the basement.

Having followed automated phone instructions upon being telephoned in the phone booth on the ground floor, players end up here to perform a physical step stone game-in-the-game, still following instructions on the

drag!
