Structure : reinforced concrete,  
partly steel frame  
Size : 2 stories

### House in Black

2001

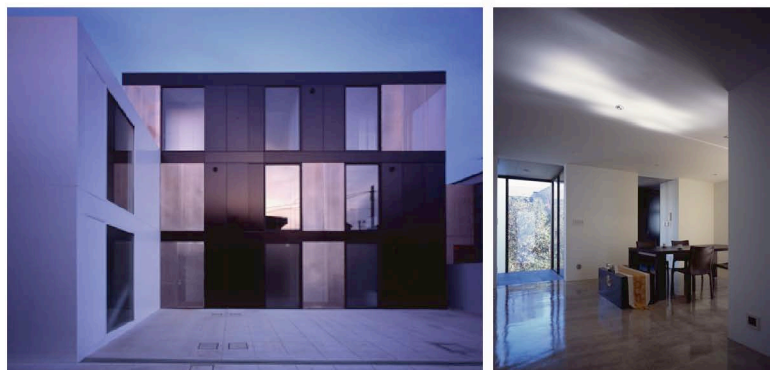

Program : private residence  
Building area : 50.63m<sup>2</sup>  
Total floor area : 118.35m<sup>2</sup>  
Structure : steel frame  
Size : 3 stories

### MESH

2004

Program : collective housing  
Building area : 238.80m<sup>2</sup>  
Total floor area : 611.92m<sup>2</sup>  
Structure : reinforced concrete,  
partly steel frame  
Size : 3 stories

### Villa in Yatsugatake

2004

Program : villa  
Building area : 94.32m<sup>2</sup>  
Total floor area : 133.66m<sup>2</sup>  
Structure : timber,  
partly steel frame  
Size : 2 stories

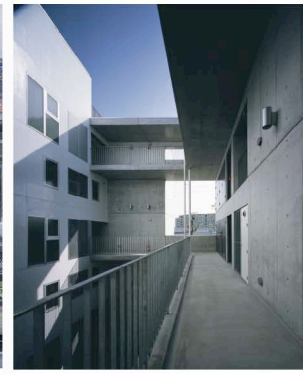

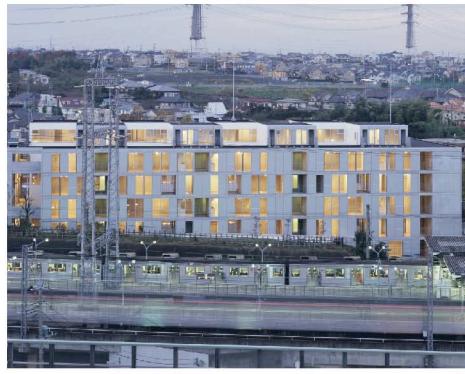

## platform

2006

Program : collective housing + shops  
Building area : 1828.87m<sup>2</sup>  
Total floor area : 6589.70m<sup>2</sup>  
Structure : reinforced concrete,  
partly steel frame  
Size : 2 stories

## Japan Guide Dog Center Fuji Harness 2008

Program : guide dog training center  
Building area : 2859.60m<sup>2</sup>  
Total floor area : 2933.50m<sup>2</sup>  
Structure : timber,  
partly steel frame  
Size : 2 stories

## Studio Gotenyama

2008

Program : collective housing  
Building area : 80.28m<sup>2</sup>  
Total floor area : 277.35m<sup>2</sup>  
Structure : reinforced concrete  
Size : 4 stories

## WEEKEND HOUSE ALLEY

2008

Program : collective housing + shops  
Building area : 967.49m<sup>2</sup>
