

T O K Y O

the contemporary JAPANESE architecture

We will visit recent Architecture (includes. private housing, public building) and very characterized part of the city mainly in Tokyo. The program is very orientated to the design Studio FS10. Since the site visit for the FS10 by Chiba Studio is included, this program is especially recommended to the participant of the CHIBA studio.

Detailed schedule is to be confirmed. We are planing to visit Japanese master pieces.
