## the contemporary JAPANESE housing

Visiting Professor MANABU CHIBA

date: 19.10.09-25.10.09

price category: F

participant: 15-20 people

responsible person: Yuko Himeno

email: yhimeno@hotmail.com

HIQ C1

Visiting recent housing projects mainly in Tokyo. Incl. one day excursion to FUJINOMIYA (on the foot of Mt. Fuji.) to visit "guide dog center" by MANABU CHIBA.

It is significantly important not only to see a housing in a magazine but to experience with the culture back ground in the local context. It is the best way for you to understand architecture design and architects intension.

Detailed schedule is to be confirmed. We are planing to visit Japanese master pieces.

Especially recommended to the participant of the CHIBA studio.
